

Aarav Mehta

Software Engineer | React • Django • PostgreSQL • Machine Learning
aarav.mehta@example.com | +91 98765 43210 | Chandigarh, India | linkedin.com/in/aaravmehta

Professional Summary

Software engineer with 2+ years of experience building full-stack web applications and data-driven features. Strong in React, Django REST Framework, PostgreSQL, Python, and applied machine learning. Experienced in developing APIs, dashboards, authentication systems, and AI-assisted application workflows.

Technical Skills

Languages	Python, JavaScript, SQL, HTML, CSS
Frontend	React.js, Bootstrap, Responsive UI
Backend	Django, Django REST Framework, REST APIs
Data	PostgreSQL, NumPy, Pandas, SciPy
ML/AI	Scikit-learn, NLP basics, model evaluation
Visualization	Matplotlib, Seaborn, Power BI
Tools	Git, GitHub, Docker, Postman

Experience

Software Engineer — NovaTech Solutions | Jan 2024 – Present

- Developed React-based dashboards connected to Django REST APIs.
- Designed PostgreSQL schemas and optimized frequently used queries.
- Built Python data-processing pipelines using Pandas and NumPy.
- Integrated ML scoring workflows into internal business applications.

Junior Python Developer — DataBridge Labs | Jul 2023 – Dec 2023

- Created REST endpoints and authentication modules with Django.
- Automated reporting workflows and built Power BI-ready datasets.
- Assisted with exploratory data analysis and model evaluation.

Projects

AI Resume Analyzer

Built a prototype that extracts resume information, compares skills against a target job role, and generates a compatibility score with improvement suggestions.

Sales Analytics Dashboard

Created an interactive analytics dashboard using Python, PostgreSQL, Pandas, Matplotlib, and Power BI to track revenue, product performance, and regional trends.

Education

B.Tech in Computer Science — Punjab Technical University | 2023

Relevant coursework: Data Structures, DBMS, Machine Learning, Statistics, Web Development

Certifications

- Python for Data Science & Machine Learning
- Full-Stack Web Development with Django & React
